

TROOP CAMP

This is an opportunity for troops to experience more than just a weekend together at Girl Scout Camp. This expanded experience provides the best of both worlds: a great experience at Girl Scout Camp, with all of your troop friends! Does your troop want to try outdoor cooking, art projects, climbing, canoeing, or backpacking? Or, does your group want to experience it all? Trained resident camp staff will lead specialty activities, and troops will eat in the dining hall and cook out. Troops will also participate in All-Camp activities. There will also be plenty of time for activities led by the troop leaders. Please note: Camp Tahigwa does not have a swimming pool, and horseback riding is not part of Troop Camping at any camp.

It is recommended, but not required, that troop leaders have completed Overnight/ Troop Readiness and Camp Skills training to participate, and troop leaders must be present during activities and help supervise girls. Due to lodging, female troop leaders must accompany the troops. If male leaders wish to attend, please contact the resident camp director to discuss separate housing arrangement options and availability. Lodging will be assigned based on grade level and group size; units may not be requested. The maximum capacity for Troop Camp at each camp is: Conestoga = 28 people, L-Kee-Ta = 16 people, and Tahigwa = 32 people. Please note: Smaller troops that request the same session may be paired in the same Troop Camp experience, depending on unit size. When selecting a camp session, the grade levels listed refer to the grade you will be entering in Fall 2010. For an explanation of our new tiered pricing, see page P6. Sessions will fill fast, so be sure to sign up early!

Girls and adults participating in Troop Camping must bring a completed health form including the physical exam portion to camp.
